

Trials

Bridal trials are ideally done anytime from 1 - 4 months before the wedding; this way the look will still be fresh in your mind when the day finally arrives. If you prefer to have things booked in advance then of course you can have it earlier.

There is no rush. Our job is to help you design your look so it suits you perfectly and you feel happy and confident with the result. The best part is that you don't have to decide straight away. Pictures will be taken of the styles we do so you can go through them after the trial, show friends, family etc. and be 100% sure you're going to look wonderful on the day.

It's important to collect some hair and makeup images from magazines or the internet to show what you like. If you wish, we can also suggest ideas of what will look good on you. Good natural lighting is required during the trial so you can see the true results of your styling.

Travel

Within a 5 mile radius from base included in bridal package. Over a 5 mile radius from base charged at 50p per mile travel to and from venue.

Deposit

A non-refundable deposit of £100.00 is required to secure your wedding day. This is deducted from the final balance, which is due 14 days before the wedding day.
